AMENDMENT TO WORK AUTHORIZATION NUMBER BMC-OC-001
TO AGREEMENT FOR PROFESSIONAL ENGINEERING CONSULTING SERVICES

City and Engineer agree to amend their Agreement for Professional Engineering Consulting Services to include a scope of work and fees for engineering services, by adding the following terms to their Agreement.

1. Services. The City agrees to engage the services of the Engineer and the Engineer agrees to perform the services hereinafter set forth in connection with projects described in Exhibit A.

2. Addition to Services. The City may add to the Engineer services or delete therefrom activities of a similar nature to those set forth in Exhibit A, provided that the total cost of such work does not exceed the total cost allowance as specified in Paragraph 5 hereof. The Engineer shall undertake such changed activities only upon the direction of the City. All such directives and changes shall be in written form and prepared and approved by the City and shall be accepted and countersigned by the Engineer.

3. Term. The services of the Engineer shall commence as soon as practicable after the execution of this contract, unless otherwise directed in writing, and shall be undertaken and completed in such sequence as to assure their expeditious completion in the light of the purposes of the contract, but in any event, all of the services required hereunder shall be completed as set forth in the schedule for the project which is attached hereto as Exhibit A.

4. Costs not to Exceed. The City of Joplin is limited by law with respect to the amount of money it can pay. Therefore, the City has established a fixed sum for this contract, which cannot be exceeded unless this contract is amended. The Engineer providing services hereunder shall be required to keep track of the amount of hours billable under this contract at all times; and any work in excess of the fixed sum shall not be eligible for payment. The Engineer shall notify the City if Engineer anticipates that the contract amount may be exceeded, in order to determine whether or not the City is prepared to increase the total compensation. The Engineer shall establish a billing system showing the amount of money remaining on the contract, which shall be shown in each monthly billing.

5. Payment.

   a. Conditioned upon acceptable performance. The City agrees to pay the Engineer in accordance with the terms set forth in Exhibit A, which shall constitute complete compensation for all services to be rendered under this contract; provided, that where payments are to be made periodically to Engineer for services rendered under this contract, the City expressly reserves the right to disapprove in whole or in part a request for payment where the services rendered during the period for which payment is claimed are not performed in a timely and satisfactory manner in accordance with the schedule and description of services set forth in Exhibit A.

   b. Total compensation not to exceed. It is expressly understood that in no event will the total additional compensation and reimbursement for the Scope of Work described in this Amendment be paid to the Engineer under the terms of Work Authorization Number BMC-OC-001 exceed the sum of Nine Thousand Eight Hundred Eighty Dollars ($9,880.00).

6. Insurance. Without limiting any of the other obligations or liabilities of the Engineer, the Engineer shall secure and maintain at its own cost and expense, throughout the duration of this Contract and until the work is completed and accepted by the City of Joplin, insurance of such types and in such amounts as may be necessary to protect it and the interests of the City of Joplin against all hazards or risks of loss as hereunder specified or which may arise out of the performance of the Contract Documents. The form and

Joplin Engineering Work Authorization
Rev. 4-3-17
limits of such insurance, together with the underwriter thereof in each case, are subject to approval by the City of Joplin. Regardless of such approval, it shall be the responsibility of the Engineer to maintain adequate insurance coverage at all times during the term of the Contract. Failure of the Engineer to maintain coverage shall not relieve it of any contractual responsibility or obligation or liability under the Contract Documents.

The certificates of insurance, including evidence of the required endorsements hereunder or the policies, shall be filed with the City at the time that this contract is signed by the Engineer. All insurance policies shall provide thirty (30) days written notice to be given by the insurance company in question prior to modification or cancellation of such insurance. Such notices shall be mailed, certified mail, return receipt requested, to:

City of Joplin - Public Works, 602 S. Main, Joplin, MO 64801; and

Such policies shall name the City as an additional insured with limits of liability not less than the sovereign immunity limits for Missouri public entities calculated by the Missouri Department of Insurance as of January 1 each calendar year and published annually in the Missouri Register pursuant to Section 537.610, RSMo. (See, http://insurance.mo.gov/industry/sovimmunity.php).

As of January 1, 2017, the minimum coverage for the insurance referred to herein shall be as set out below:

   a. **Workers’ Compensation**….Statutory coverage per RSMo 287.010 et seq., Employer’s Liability........ $1,000,000.00

   b. **Commercial General Liability Insurance**, including coverage for Contractual Liability and Independent Contractors Liability. Such coverage shall apply to bodily injury and property damage on an “Occurrence Form Basis” with limits of at least Two Million Seven Hundred Sixty Two Thousand Seven Hundred Eighty Nine and no/100 Dollars ($2,762,789.00) for all claims arising out of a single accident or occurrence and at least Four Hundred Fourteen Thousand Four Hundred Eighteen and no/100 Dollars ($414,418.00) with respect to injuries and/or death of any one person in a single occurrence and an amount not less than at least $1,000,000 for all claims to property arising out of a single occurrence and at least $100,000 to any one owner with respect to damages to property. Engineer agrees that the proceeds of such insurance policy shall first be used to pay any award, damages, costs, and/or attorneys’ fees incurred by or assessed against City, its employees, officers and agents, before payment of any award, damages, costs or attorneys fees of Engineer, its employees, officers or agents. Engineer agrees to cause its insurer to name City as an additional insured on such insurance policy, including the City as an additional insured for coverage under its products-completed operations hazard, and said policy shall be primary and noncontributory.

   c. **Automobile Liability Insurance** covering bodily injury and property damage for owned, non-owned and hired vehicles, with limits of at least Two Million Seven Hundred Thirty-Four Thousand Five Hundred Sixty-Seven and no/100 Dollars ($2,734,567.00) for all claims arising out of a single accident or occurrence and at least Four Hundred Ten Thousand One Hundred Eighty-Five and no/100 Dollars ($410,185.00) with respect to injuries and/or death of any one person in a single accident or occurrence.

   d. **Errors and Omissions Insurance**. The Engineer shall maintain a professional liability insurance policy in the amount of $1,000,000.00. This policy shall remain in full force and effect for a period of one year after completion and acceptance by the City of the construction of the project.

   e. **Subcontracts**. In case any or all of this work is sublet, the Engineer shall require the subcontractor to procure and maintain all insurance required in subparagraphs (A), (B) and (C) hereof and in like amounts. Engineer shall require any and all subcontractors with whom it enters into a contract to perform work on this project to protect the City of Joplin through insurance against applicable hazards or risks and shall, upon request of the City, provide evidence of such insurance.

   f. **Notice**. The Engineer and/or subcontractor shall furnish the City prior to beginning the work satisfactory proof of carriage of all the insurance required by this contract, with the provision that policies shall not be canceled, modified or non-renewed without thirty (30) days written notice to the City of Joplin.

   g. **Legislative or Judicial Changes**. In the event the scope or extent of the City’s tort liability as a governmental entity as described in Section 537.600 through 537.650 RSMo is broadened or increased during the term of this agreement by legislative or judicial action, the City may require Engineer, upon 10 days written notice, to execute a contract addendum whereby the Engineer agrees to provide, at a price not exceeding Engineer’s actual increased premium cost, additional liability insurance coverage as the

Joplin Engineering Work Authorization
Rev. 4-3-17
City may require to protect the City from increased tort liability exposure as the result of such legislative or judicial action. Any such additional insurance coverage shall be evidenced by an appropriate certificate of insurance and shall take effect within the time set forth in the addendum.

7. All other terms and conditions of the original Agreement shall remain in effect.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals on the day and year herein stated.

Engineering Services Agreement

Article 1 of the Agreement is supplemented to include the following agreement of the parties. Engineer shall provide Basic and Additional Services as set forth below.

PART 1 – BASIC SERVICES

All deliverables referred to in the agreement shall also be provided in an electronic format to be specified by the City.

A1.01 Conceptual Phase

A. Engineer shall:

1. Reference Scope of Services in Attachment No. 1 – Exhibit A.

B. Billing/Payment Processing

1. Request for payment may be submitted at appropriate intervals during the contract. Application for payment must include a detailed breakdown of deliverables completed as well as specific tasks or percentages of specific tasks completed. Payment schedule will be at the approval of the city.

A1.02 Preliminary Design Phase - (30 percent plans)

Not included with scope of services.

A1.03 Utility Requirements

Not included with scope of services.

A1.04 Surveying Services – General

Not included with scope of services.

A1.05 Right of Way Plan Phase – 60 percent plans

Not included with scope of services.

A1.06 Final Design Phase

Not included with scope of services.

A1.07 Bidding Phase

Not included with scope of services.

A1.08 Construction Phase

Not included with scope of services.

A1.09 Post-Construction Phase

Not included with scope of services.
PART 2 – ADDITIONAL SERVICES

A2.01 Additional Services Requiring Owner’s Written Authorization

A. If authorized in writing by Owner, Engineer shall provide Additional Services of the types listed below. These services are not included as part of Basic Services and will be paid for by Owner as indicated.

1. Preparation of applications and supporting documents (in addition to those furnished under Basic Services) for private or governmental grants, loans, or advances in connection with the Project; preparation or review of environmental assessments and impact statements; review and evaluation of the effects on the design requirements for the Project of any such statements and documents prepared by others; and assistance in obtaining approvals of authorities having jurisdiction over the anticipated environmental impact of the Project.

2. Undertaking investigations and studies including, but not limited to:

   a. Detailed consideration of operations, maintenance, and overhead expenses.
ATTACHMENT NUMBER ONE
EXHIBIT A TO WORK AUTHORIZATION NUMBER BMC-OC-001 TO AGREEMENT
FOR PROFESSIONAL ENGINEERING CONSULTING SERVICES
(Between the City of Joplin, Missouri and Burns & McDonnell Engineering, Inc.)

1. SCOPE OF SERVICES

ENGINEER shall provide the City of Joplin, Missouri (OWNER) with the following scope of services:

1.1. INITIAL SCREENING FOR WATER EFFECTS RATIO (WER) AT TURKEY CREEK WASTEWATER TREATMENT FACILITY

Initial toxicity screening will be done on undiluted effluent samples (no dilution with upstream receiving water). The objective of the initial screening is to assess the potential outcome of a comprehensive WER study and to inform the preparation of a work plan and QAPP. Side-by-side acute toxicity tests will be conducted with Ceriodaphnia dubia (C. dubia), exposed to cadmium and zinc in two different test waters: effluent and laboratory water (dilute mineral water). Each test will consist of five test concentrations that will provide a concentration-response sufficient to calculate an LC50 value.

2. TERMS

2.1. Schedule: The services of the ENGINEER shall commence as soon as practicable after execution of this authorization, unless otherwise directed in writing, and shall be undertaken and completed in the light of the purposes of the authorization, within seventy-five (75) days of execution.

2.2. ENGINEER will be compensated on a time and materials basis, but shall not exceed the total compensation amount unless approved in writing by the OWNER.

2.3. In view of the uncertainty involved in environmental concerns, hazardous materials, toxic substances, and similar substances known or suspected to adversely affect the health and safety of humans, animals, or plant organisms, or which are known or suspected to impair the environment (“Hazardous Substances”), City agrees that for claims involving or related to any Hazardous Substances, City agrees to waive, release, and otherwise defend, indemnify, and hold harmless ENGINEER and ENGINEER's subcontractors, and their respective officers, directors, employees, agents, and any of them from liability, claims, demands, damages, losses, fines, penalties, and expenses including, without limitation, claims of OWNER, organizations, agencies (public or private), or other third-parties, arising out of or relating to the actual, alleged, or threatened dispersal, escape, or release of, or failure to detect or contain Hazardous Substances. Such indemnification and release includes claims which arise out of the actual, alleged, or threatened dispersal, escape, or release of chemicals, wastes, liquids, gases, or any other material, irritant, contaminant, or pollutant (whether sudden or not). This provision shall also extend to claims or allegations that ENGINEER or its subcontractors are a “Potential Responsible Party” or to environmental impact claims and associated liabilities, including, without limitation, damages assessed Engineer and any finding of strict liability or joint and several liability.
3. **PAYMENT**

3.1. Payment to ENGINEER shall be at the hourly labor rates and non-labor rates set forth in the attachment Number Two to Exhibit A: “Schedule of Hourly Rates and Expenses”; with a total compensation not to exceed amount of $39,880, as set forth in Work Authorization Number BMC-OC-001 to the Agreement for Professional Engineering Consulting Services, Section 5.b.
